PREBLE HIGH SCHOOL
ACTIVITIES BOOK**

Where Champions Are Made!

2022-2023 SCHOOL YEAR

FROM THE ACTIVITIES DIRECTOR

Dear Student:

One of the most rewarding experiences one can have at Green Bay Preble High School comes in the form of involvement in our co-curricular program. I hope you find our 2022-2023 edition of the Co-Curricular Handbook helpful in understanding the wide variety of opportunities that exist. Involvement in activities prepares our young people for the challenges of adult life. Life is reflected in activity endeavors and success is facilitated by:

Consistent preparation for practice and competition
A positive attitude
Dedication to a cause
Establishing and striving for high standards of conduct and attitude

As a result, an individual's total education extends beyond the classroom. The purpose of an effective co-curricular program must be to provide each student with opportunities for emotional, cultural, mental, physical and social growth. This growth can be accomplished through activities that support and advance the curriculum, promote common interests, develop a sense of ownership in the school, and reflect and enhance the goals of the District.

In order to accomplish this purpose, the co-curricular program should exhibit the following characteristics:

1. High level of participation
2. Equal access for all students
3. Responsiveness to students' interests/talents
4. Faculty participation/support
5. Interaction with parents and community
6. Diverse opportunities
7. School/community service
8. Development of leadership qualities
9. Enjoyable experiences and positive attitudes
10. Promotion of a curiosity about and an interest in many different activities
11. Development and demonstration of students' talents and skills
12. Management by skilled and effective sponsors and coaches

I encourage you to take advantage of these opportunities and to get the most out of your years at Green Bay Preble High School. Best wishes to you during the coming school year.

Sincerely,

Dan Retzki, Associate Principal/Director of Activities & Athletics

Philosophy Statement for Co-Curricular Activities

The Green Bay Area Public School District believes co-curricular activities are an integral part of the total educational process. Through participation in these opportunities, students can have experiences and training in events not ordinarily obtainable in the general curriculum. Policies have been developed and are implemented to cultivate the high ideals of good citizenship, community involvement, and personal growth. Although the co-curricular program is a valuable part of the total educational experience, participation in co-curricular programs is a privilege, and not a right. Student participation carries with it certain responsibilities and expectations that promote growth toward becoming a responsible member of society. Participants must abide by the rules and responsibilities that apply to each co-curricular program in which they are involved in, in order to continue participation in these activities. We expect students to be a credit to themselves, their family, school, and community.

The Goals of Co-curricular Activity Participation

1. To teach attitudes of responsibility, cooperation, and sportsmanship; to help students realize participation in co-curricular activities is a privilege with accompanying responsibilities.
2. To provide activities for learning self-discipline, loyalty, team play, cooperation, personal pride, pride in organization, respect for the rights of others, and the will to be successful.
3. To provide the opportunity and to encourage all students to participate in co-curricular activities identified as a basic educational tradition.
4. To encourage all students who participate in co-curricular activities to reach their potential.
5. To provide school experiences of interest for all students to develop school spirit, community, and commitment, thereby developing a sense of connectedness.
6. To place the unit, team, squad, class, and school above personal desires.

Code of Conduct Purpose Statement

The first purpose of the Green Bay Area Public School District Co-Curricular Code of Conduct is to establish clear and consistent academic and behavioral expectations for students to follow when participating in school district athletic and co-curricular opportunities. The second purpose of the code is to inform the students and parent(s)/guardian(s) of the consequences that will occur for rule violations. Finally, participation in co-curricular activities is a privilege, not a right.

Membership

At least one parent or guardian and the student must attend a co-curricular rules interpretation meeting prior to the start of the student's first session of participation. If a parent or guardian and/or the student cannot attend the meeting, arrangements for an alternative meeting must be scheduled with the Activities Director. No student may practice or participate until this requirement is met. The co-curricular code book is available in each high school office. All appropriate forms must be signed by both the parent and the student through the Online Registration website, located on the Preble High School website, under the Activities and Athletics tab.

Diversity Leadership Group

Eligibility Requirements:

Must have good attendance, no behavioral concerns and maintain good academic standing. Members are selected by Advisor and Administration.

Description:

The goal of the Diversity Leadership Group is to teach and model tolerance, acceptance, and unity in both the Preble and Green Bay communities. Diversity Leaders come from a wide range of backgrounds, but have many things in common such as integrity, a strong work ethic, motivation and passion. Diversity Leaders are encouraged to look at different viewpoints and perspectives. Students are engaged in exercises and activities that provide opportunities for in-depth conversations. Students research and assess data relative to the achievement gap, and develop action plans and strategies to benefit all Preble students. Students must be open to honest conversations, and accepting of different viewpoints. Diversity Leaders also serve to introduce Northern Michigan University students to Preble’s diverse community every fall and spring.

Time Commitment:

Meeting times rotate throughout the day, focusing mainly on the lunch periods.

Procedures for Joining:

Register on the Preble website under the Activities tab. Click on Online Registration and complete the information required. Members are selected by the advisors or administrators. You may also email aeolsonguillen@gbaps.org to ask about being considered for this group.

PREBLE ACTIVITIES APPENDIX

PREBLE HIGH SCHOOL

Club-Status Recognition Form

Preble High School students are encouraged to participate in the many co-curricular activity offerings. These activities give each interested student a fine opportunity to express themselves, and to learn while working with a group of their peers. Membership in the co-curricular programs offered at Preble High school are voluntary except for National Honor Society. If you wish to join any of these activities, see the advisor.

If a group of students are interested in forming a club, the following procedures are required before the co-curricular committee can act:

1. An advisor for the club must be in place prior to club-status approval. There is a strong desire that the advisor be from within Preble High School or a Green Bay School District employee. If a district employee can not be found then an out-of-district vacancy will be posted to locate the best possible candidate.
2. Once an advisor has been determined, a list of all interested students, and their grade level, must be delivered to the Activities Director to determine academic standing and eligibility requirements.
3. A list of program objectives, guidelines, and policies must be documented to provide all members and school personnel information about the co-curricular program and requirements.
4. Once club-status has been established, all club members must meet the guidelines of all co-curricular at Preble High School throughout the school year, and they are:
 - a. Any student truant for any part of a school day will not be able to participate in an after-school function.
 - b. A physical examination form must be on file for all members of any athletic team or physical activity club before participation can occur.
 - c. Any student involved with an athletic team or physical activity club must attend one athletic training rules meeting before any participation can occur in the club/sport.
 - d. Each club must meet once a month to determine activities for the upcoming month or weeks.

PHS is an equal opportunity school district, functioning under non-discrimination policies.
